

## **Nov. 12th, 2019- Debris Management**

- Hopetown United work crews removing debris from town, south and north
  - Focusing on clearing kemp road area in town
  - Looking into coordinating with Samaritan's Purse to bring a barge directly into town near the entrance of the harbour with an excavator to do direct debris removal
  
- Samaritan's Purse commissioned barge service continues removing debris from the Elbow Cay Club site with one load a day
  
- UNDP will be doing a site visit to Elbow Cay to discuss ongoing debris removal activities
  
- Debris removal on Lubbers is ongoing
  - Focusing on loose debris that can be loaded by hand currently
  - Estimate 8-10 houses that need demolition and removal
  - Lots of shoreline and dock debris still needing removal
  - Will need a barge and excavator to remove larger debris
  
- Across the harbour debris needs a barge and bins to remove debris from areas with no road access
  - Will possibly be opening a road to access west side of back creek
