

Nov. 14th, 2019- Docks and Rebuilding

- M/V Glory scheduled to arrive Saturday, Nov. 16th, with the second shipment of 40 pallets of Ice & Water shield
 - Visit Home Depot for distribution
 - Delivery available upon request and need

- It will be important for individuals to figure out how many dock pilings can be reused and how many new ones are needed to rebuild docks
 - This information will be necessary for bulk purchasing of materials if/when this becomes available

- Three dock building companies in Abaco are trying to get back online:
 - LBT Marine Ltd.- Brandon Thompson
 - Drill Rig Marine Repairs- Kyle Pearce
 - Abaco Tug & Transport- Johnny Higgs

- Chris Thompson and The Thompson Group will also be bringing in dock building equipment to service Elbow Cay

- Building supplies storage will be needed
 - Currently Ice & Water shield is being secured in a storage warehouse and 20ft shipping containers on island
 - As rebuilding process ramps up, there may be a shortage of storage
 - Separation of public and private materials will be needed

- Osprey Construction Company is available to provide estimates and contracting services
 - Contact Neil Aberle for more information: naberle@osprey-construction.com
 - Preliminary assessments are cost free
